

LABS

CHILDREN ENGLISH CONVERSATION

We will start with Dr. Seuss american writer born march, 1904, died september 1991. He wrote amongst other The Grinch, Ortone and the cat with the hat, and here are some of his quotes.

Today you are you! That is truer than true! There is no one alive who is you-er than you!
Maybe Christmas, the Grinch thought, doesn't come from a store.
Don't cry because it's over. Smile because it happened.
How did it get so late so soon? Its night before its afternoon. December is here before its June. My goodness how the time has flown. How did it get so late so soon?
Step with care and great tact, and remember that Life's a Great Balancing Act.
You have brains in your head. You have feet in your shoes. You can steer yourself in any direction you choose. You're on your own, and you know what you know. And you are the guy who'll decide where to go.
A person's a person, no matter how small.
I like nonsense, it wakes up the brain cells. Fantasy is a necessary ingredient in living, it's a way of looking at life through the wrong end of a telescope. Which is what I do, and that enables you to laugh at life's realities.
I've heard there are troubles of more than one kind; some come from ahead, and some come from behind. But I've brought a big bat. I'm all ready, you see; now my troubles are going to have troubles with me!
Unless someone like you cares a whole awful lot, nothing is going to get better. It's not.
Think left and think right and think low and think high. Oh, the thinks you can think up if only you try!
You're never too old, too wacky, too wild, to pick up a book and read to a child.
The more that you read, the more things you will know. The more that you learn, the more places you'll go.
I like nonsense; it wakes up the brain cells.
You can get help from teachers, but you are going to have to learn a lot by yourself, sitting alone in a room.

Adults are obsolete children.

Today was good. Today was fun. Tomorrow is another one.

Adults are just outdated children.

From there to here, and here to there, funny things are everywhere.

The main problem with writing in verse is, if your fourth line doesn't come out right, you've got to throw four lines away and figure out a whole new way to attack the problem. So the mortality rate is terrific.

Only you can control your future.

You're in pretty good shape for the shape you are in.

Sometimes, when I see my granddaughters make small discoveries of their own, I wish I were a child.

LESSON 1

Introduction, individual presentation and conversation about the program.

LESSON 2

Individual presentation of a self chosen topic, science, poetry, reading, music, arts.

LESSON 3

Individual reading and presentation of self chosen songs, readings of stories, art and music.

LESSON 4

Presentation of news about topics proposed by all.

LESSON 5

Conversation brainstorming with written minutes taken individually.
